The possibilities are endless.Math tool kit: These cards could be given to each child to have his/ her own set which is especially useful right now when resources are not allowed to be shared.Print on white or colored paper, cut apart and laminate for durability. □ If you liked this resource, please consider leaving feedback. □---------------------------------------Number Flash Cards 1-100 with Wordsby These small flash cards are the numbers 1-100 with the number word, that are sent home for students to study. It is a part of our Home/School Connection. They are also used in the classroom as a paired learning activity. These cards are made by CreatedbyTeachers.Number Flash Cards 1-100by These small flash cards are the numbers 1-100 that are sent home for students to study. It is a part of our Home/School Connection. They are also used in the classroom as a paired learning activity. These cards are made by CreatedbyTeachers.French Number Posters Flashcards 1-100by Enjoy these colorful number posters!Cut them out and use them as flashcards or hang them on the wall. Perfect for smaller spaces and centers.I made these posters with our smaller classroom space in mind. I want to teach numbers 1 to 100 in French, but could never fit 100 posters on our wall! These can also be cut out and used as fun flashcards, or numbers for number centers. Numbers and number words included. Enjoy! Reviews are always appreciated :)Follow me on Instagram for more freebies &Numbers 1-100 Flashcardsby These are basic number flashcards numbered 1-100 in the font Happy Monkey. This is a PDF file. These would be great to send home with students so that their parents have a resource to use at home for number recognition. Please leave your honest feedback below. I greatly appreciate all of your support! Please follow my TPT store If you have any questions please email me at thekindergartenhive@yahoo.comThese cards are 3 inches wide and 2.5 inches tall. The borders are color coded (fives, evens, tens) with solid black numbers 1-100. The colors used for the borders are blue, yellow, green, and grey. A nice large font was used for easy visibility. It will be best to print on cardstock then have laminated for durability.Superbowl Football ABC abc 1-100 Flashcardsby Google SlidesComic Sans15 total slides12 flashcards per pageIncludes upper case ABC, lower case abc, and numbers 1-100.Every attempt is made to avoid copyright infringements. No refunds or exchanges. For sole use by the purchaser, not for resale or sharing. After 32 years in the classroom, I am recently retired and this is my new gig that will hopefully help pay for my insurance!Owl Themed Number Cards 1-100by These owl themed number cards can be used in a variety of ways. They are color coordinated (even and odd numbers). All of my products are free within the first 24 hours of posting. Follow me for new product notifications. Like and check us out on Facebook at so you can have a chance at winning Teachers Pay Teachers gift certificates (monthly drawings).Types:Number Cards 1 - 100 (Digits and Words)by Number flash cards from 0 - 100 in English containing digits and words.Useful for displays, flash cards, card games, number lines, number revision and sequencing activities.Page 2Number Cards 1-100by Number cards can be used in so many ways. I like to laminate these, punch holes and store them on a metal ring. I can throw these in my bag to use on the go or at home. My son loves to "go on a mission" whether at home or out at the park. I spread out a bunch of the cards and send him looking for one of the numbers. I give different hints like, "the number is 1 more than___", "6+2=___", grab 2 cards and add them or subtract them. The possibilities are endless.Types:Numbers in Dutch - Activity (1-100)by this is an activity about numbers. You can practice the memorisation as well as the pronunciation. You need to print on both side of the paper. In one side you will have the number and on the other side the same number spelt. Great for beginners.Freebie Halloween Calendar Numbers 1-100by This Free Halloween Calendar Number set contains 1 set of numbers 1-100. Besides using these for your calendar, you might find other uses for these cards, perhaps for your lunch count, for math centers, for flashcards or for math games. Online teachers, might find that these make a great "Find a Star" reward. These are also great just for counting practice. If you find another use for these, I would love to hear about it in your feedback!!!~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~~Trace the numbers 1-30 -- Freeby This product can be used to help students learn to write numbers. I hope that you enjoy this free resource! Thanks for following my TpT store! additional free resources related to learning numbers:Learn the numbers 0-5 the shapes the animals Numbers 1-100 Chart (FREEBIE)by ★★★★ FREE NUMBER CHART ★★★★ If you need additional resources, check out the products below: Match the numbers - Game Numbers Poster Set Feel free to stop by my blog for more handouts/printables: I always appreciate your feedback. Do not hesitate to contact me on my Facebook page if you have any questions, comments or suggestions to improve this resource. Happy teaching! © Valerie Caron - Funny Miss ValerieFreebie: Learn numbers 0-5 (zero-five)by These simple worksheets introduce the numbers 0-5 and will help your students learn to recognize both the numeral and written forms; teach them how to write these numbers, and help to make each number concrete in their minds by making an association between that number and an equal number of objects (circles).Thanks for following my TpT store! more complete set from 0-30 can be found here at this link: - Counting Numbersby FREE - Counting Numbers. One... Two... Three... ah-ah-ahh. Counting Numbers 1-100. ----------------------------------------------------------------------------------------------------------------And from the larger ensemble...ARTArt Bundle: Watercolors, Silhouettes, Color Sheets (668 pages)Art Tinting: "Poolside" with TutorialArt Tinting: "Japanese Garden" w/ TutorialArt Tinting: "Sea Life" w/ TutorialArt Tinting: "Fish" w/ TutorialArt Tinting: "English Village" w/ TutorialArt Tinting: "CMatch the Numbers 1-20 (one through twenty)by This simplistic activity will help students to make connections between the numeral form of numbers 1-20 and their written form. Thanks for following my TpT store! additional free resources related to learning numbers:Learn the numbers 0-5 the shapes Value Cards allow children to see the value of each digit within a number. The small numbers in the upper left-hand corners of the cards shows the expanded notation to remind children that the “3” is really worth a “30.” The back of each card shows the Rekenrek's (aka MathRack) visual representation of each number, to help children build spatial relationships for numbers. A set contains one card each of the numbers 1-9, the decade numbers (10, 20, 30...), and a 100 card. This allows chilPage 3Kids Math Teacher always tries to give you the best products that can be used in several settings! Use these cards as flash cards, addition, greater than/less than, games, etc. Reinforcing the place value system with tens and ones is easy with these cards. It might also help with counting to 100 (the full pack has all cards 1-100). This pack counts oranges 1-20 and also has the 30, 40, 50, and 100 card. They can come in handy when teaching 1-20. The counting of oranges is originally in myPage 4As a teacher, never underestimate the power of GETTING TO PICK! I made these for a lesson a while back, and have found SO MANY uses for them! Instead of assigning numbers or groups, letting the students choose from a colorful array of choices makes them feel more in control and also anticipate the coming lesson. Can be used to assign groups or numbers, or even in math activities. The possibilities are endless! Each number is decorated differently in a wide range of styles, fonts, and colors. It
